BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure LiveMUM 2.0 software application and annual subscription from Deccan International without conducting a competitive solicitation process for the following reason(s):

Manatee County dispatch team currently has a manual process for ensuring coverage of ambulances throughout the County. During periods of high call surge, the manual process can be inconsistent. Implementing the LiveMUM 2.0 software will help to ensure consistent and optimum coverage of ambulances throughout the County. Unlike other systems, LiveMUM 2.0 uses historical data to predict call volume and actively engages with Hexagon CAD.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than July 3, 2024 for evaluation and consideration.
