BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Gatec body cameras from PNC Strategies without conducting a competitive solicitation process for the following reason(s):

The County's Public Safety/Code Enforcement Division have selected the Gatec body cameras because they are compatible with the Toughbook's used by the division, they allow the officers to upload and charge the cameras while in the field and they also meet the public record retention requirements. Others benefits of the Gatec body camera include in-field tagging, audio only recording, built-in Wi-Fi, Bluetooth and GPS, multiple versatile mounting clips, rugged and waterproof to withstand the environmental elements. While there are other body camera providers in the market, PCN Strategies' Gatec body cameras best align with the County's current goals and objectives.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than 6/7/23 for evaluation and consideration.
