BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure chlorine system rehabilitation services from H2 Enviro Solutions, LLC. without conducting a competitive solicitation process for the following reason(s):

H2 Enviro Solutions, LLC. is a locally based company. While there are other companies that can provide this service, H2 Enviro Solutions, LLC is an established vendor with the County and has access to original equipment manufacturer (OEM) parts. The direct replacement parts save time and money for the County. Not using OEM has multiple implications including non-operation of facility. H2 Enviro Solution, LLC best aligns with the County's current goals and objectives.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than March 11, 2024 for evaluation and consideration.
