ADDENDUM NO. 2

Bidders are hereby notified that this Addendum shall be acknowledged on the Bid Form and made a part of the above named bidding and contract documents.

The following items are issued to add to, modify and clarify the bid and contract documents (plans and specifications). These items shall have the same force and effect as the original bidding and contract documents, and cost involved shall be included in the bid prices. Bids to be submitted on the specified bid date, shall conform to the additions and revisions listed herein.

1. (In Addendum #1) Items #15 and #17 state that **monitoring** is to be performed for ninety days for the mitigation area and for two years for the restoration areas. There is no line item for this work.

On the bid form, under Wetland Planting (Restoration) and Maintenance, "Two Acre Area Quarterly for Two Years (8 events)" is a line item. I assume this is for **maintenance**, and not monitoring.

On the bid form, under Wetland Planting (Mitigation) and Maintenance, "90 Day Maintenance (2 events)" is obviously **maintenance**.

Monitoring is to occur either semi-annually or annually, depending on where you look in the documents.

Is this a typo, or is monitoring actually included in this proposal?

The Contractor will be responsible for only 90 days of establishment monitoring and maintenance for the mitigation work and restoration work. After the 90 day establishment period, the County will be responsible for the remaining monitoring and maintenance activities. See Line Items D.1.5.1 (90 day monitoring and

maintenance (survivorship)) and III., Page 7 (90 day monitoring and maintenance (survivorship) on the revised bid form.

2. There was concern that the units used for the Neal Preserve-Restoration Plan, Line Item D.1.2.3 (Wood Debris Removal) should match the Offsite Mitigation Plan Perico Preserve, Line Item, Sheet 2 of 2 (Stump Removal).

To provide consistency, the bid form has been modified, as a Part of Addendum #2, to reflect a change in units from “lump sum” to “ton”. See Line Item, Sheet 2 of 2 (Stump Removal-Addendum #2) on the revised bid form.
