BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Flowserve Pumps, Parts, Repairs and Services from A.C. Schultes of Florida, Inc. without conducting a competitive solicitation process for the following reason(s):

Flowserve pumps are already in use at the Water Treatment Facilities in various areas of the treatment process and inventories already contain replacement pumps and/or parts. A.C. Schultes of Florida, Inc. is the sole and exclusive representative for Flowservice pumps, it has technical and specific heavy equipment to service replacement in the state of Florida for this over 180 foot long heavy submersible turbine pump underground. Alternate products would be unacceptable due to modifications, increased downtimes, increased cost for additional equipment and inventory.

While there are other companies that can provide these similar services, A.C. Schultes of Florida, Inc. offers turnkey solutions and are best aligned with the County's current goals and objectives.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than May 13, 2024 for evaluation and consideration.
