NOTICE OF INTENT TO AWARD A SINGLE SOURCE CONTRACT

The Manatee County Procurement Division provides notice of its intent to award a single source contract with a value of \$64,552.00 with Coastal Netting Systems for the provision of Portable Litter Containment Fences.

ENABLING/REGULATING AUTHORITY

Federal/State law(s), administrative ruling(s), Manatee County Comp Plan/Land Development Code, ordinances, resolutions, policy.

Manatee County Code of Laws

BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Portable Litter Containment Fences from Coastal Netting Systems without conducting a competitive solicitation process for the following reason(s):

For over a decade, Manatee County has been purchasing the same type of portable litter containment units (PLCU's) from Coastal Netting Systems at the rate of approximately six units per year. Over the years, the landfill has accumulated a substantial inventory of this type of PLCU and the landfill staff has instituted standardized operational procedures for the litter control based upon the use of these particular units. These PLCU's are customized for the county's purposes with forklift adapters so that landfill staff can easily move and place the PLCU's to facilitate effective litter control. The purchase of either different sizes or types of PLCU's would create inconsistency in staff's ability to collect litter with the containment area effectively by allowing gaps between the units, thus allowing litter to escape through the containment area.

While there are other companies that can provide these similar services, Coastal Netting Systems offers turnkey solutions and are best aligned with the County's current goals and objectives.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than May 13, 2024 for evaluation and consideration.
