BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Wavetronix Vehicle Detection System from Wavetronix, LLC without conducting a competitive solicitation process for the following reason(s):

The Manatee County Public Works Department currently relies on Wavetronix, LLC vehicle detection systems for their operational needs. Replacing these systems with a different brand would result in communication issues and diminished operational capabilities. Substituting Wavetronix, LLC with another brand would require a complete overhaul of all devices across the County, leading to substantial additional costs for County. As the exclusive provider of Wavetronix products, parts, and supplies in Florida, Wavetronix, LLC ensures the continued functionality, performance, and reliability of the system. It is essential for the department to continue using Wavetronix, LLC for their vehicle detection needs in order to maintain efficiency and integrity within their operations.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than May 22, 2024 for evaluation and consideration.
