BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure North Regional Water Reclamation Facility Disc Filter Rehab from Aqua Aerobic Systems, Inc. without conducting a competitive solicitation process for the following reason(s):

Aqua-Aerobic equipment is currently in use at all three (3) water treatment plants. Replacement filters from Aqua Aerobic Systems, Inc. are designed specifically for their equipment, resulting in less down time and disruptions to the process. Using alternate products or aftermarket parts would be unacceptable due to the standardization of filtering equipment, existing equipment, current inventory, and the specifications of the process at all three (3) facilities.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than May 22, 2024 for evaluation and consideration.
