BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure ProMinent Sodium Hypochlorite Pump Skids from Trinova, Inc. without conducting a competitive solicitation process for the following reason(s):

Using Trinova, Inc. to obtain replacement equipment, OEM parts, and services ensures that the equipment is kept running at maximum efficiency, equipment downtime is reduced, and disruption to the disinfection process is kept to a minimum. Failure to use OEM parts could compromise the equipment performance, lead to catastrophic equipment failure, increased downtime, process disruption, and increased costs.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 20, 2024 for evaluation and consideration.
