BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure clarifier rebuild services from Ovivo USA, LLC without conducting a competitive solicitation process for the following reason(s):

To ensure the continued operation and maintenance of critical equipment at the Manatee County Utilities Department, a rebuild of Clarifier No. 4 at the Southeast Water Reclamation Facility is required. This rebuild includes the replacement of the C40HT rake drive unit, mechanism component replacements, installation services, and a two (2) year mechanical warranty. Ovivo USA, LLC is the manufacturer and distributor of original equipment manufacturer (OEM) parts, accessories, and services. This purchase ensures compatibility, quality, and adherence to the original equipment specifications, supporting uninterrupted operations and compliance with regulatory standards for wastewater management.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than December 31, 2024 for evaluation and consideration.
