BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Clarifier No. 3 Repairs from Ovivo USA, LLC without conducting a competitive solicitation process for the following reason(s):

Manatee County Utilities Department relies on the top-notch Ovivo USA, LLC clarifiers at all three Water Reclamation Facilities. Unfortunately, the recent impact of Hurricane Helene left clarifier No. 3 at the North County Treatment Plant in need of urgent repairs to resume functions. Since Ovivo USA, LLC is the exclusive manufacturer of their Ovivo Equipment, including the essential clarifiers, swift restoration of clarifier No. 3 is crucial to avoid further delays in the water reclamation process. Opting to switch equipment away from Ovivo USA, LLC would not only incur higher costs due to the necessity of changing additional parts, but it would also result in prolonged downtime during an already delayed water reclamation process. Prioritizing the effective repair of clarifier No. 3 is key to maintaining operational efficiency and minimizing disruptions.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than December 26, 2024 for evaluation and consideration.
