BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure litter fences from Coastal Netting Systems without conducting a competitive solicitation process for the following reason(s):

Litter control at the landfill is strictly regulated by the Florida Department of Environmental Protection. (FDEP) Coastal Netting Systems' litter fences conform to regulations for litter control. The Utilities Department has instituted standardized operational procedures designed around these particular litter fences. Purchasing a different type of litter fence would create inconsistency in staff's ability to collect litter within the containment area effectively.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than June 11, 2025 for evaluation and consideration.
