BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Getinge LSS 275 Sterilizer from Getinge USA Sales, LLC without conducting a competitive solicitation process for the following reason(s).

Manatee County's Utilities Department is in need to replace one of their LSS 275 sterilizer units located at the Wastewater Central Lab, which is currently a product of Getinge USA Sales, LLC. The replacement of the LSS 275 would seamlessly integrate with the existing infrastructure, as it necessitates no alterations to plumbing or electrical systems. This continuity would benefit the Central Lab staff, who are already proficient with the LSS 275, eliminating the need for additional training and resulting in cost savings for Manatee County. Getinge USA Sales, LLC is the exclusive provider of the reliable LSS 275 Sterilizer units, ensuring compatibility and operational efficiency within the Utilities Department.

Any company that believes they can provide this good or service must provide, in writing, convincing technical data sufficient to support their position to the Manatee County Procurement Division at purchasing@mymanatee.org no later than June 18, 2025 for evaluation and consideration.
