BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure ADA elevator lift install at South Coquina boat ramp from Quality Marine Construction, Inc. without conducting a competitive solicitation process for the following reason(s):

Quality Marine Construction, Inc. is a Manatee County-based construction company that concentrates solely on marine construction projects. Quality Marine Construction, Inc. has extensive experience and knowledge of the inter-workings of Manatee County's policy and procedures, as a subcontractor for marine projects. Quality Marine Construction, Inc. has been the first choice for contractors to solicit for large marine projects within Manatee County. Their in-house knowledge of the local waterways prevents any learning curve that can challenge marine contractors and vendors.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 18, 2025 for evaluation and consideration.
