### BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Annual Filter Maintenance - North County Treatment Plant from Carter and VerPlanck, a DXP Company without conducting a competitive solicitation process for the following reason(s):

Nova filters are used at the Water Reclamation Facilities to refine the water from the effluent storage lakes. Carter and VerPlanck, a DXP Company, holds exclusive authorization for Nova Water Technologies and serves as the sole provider of services and parts within the State of Florida. Annual maintenance is essential for maintaining peak filter efficiency, minimizing downtime, and reducing disruption to the treatment process.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than November 26, 2025 for evaluation and consideration.
