**BACKGROUND/DISCUSSION**

The Manatee County Procurement Division has completed a due diligence review and intends to procure NavVis MLX Mobile Mapping System from NavVis US, Inc. without conducting a competitive solicitation process for the following reason(s):

The Property Management Department is requesting to procure the NavVis MLX Mapping System, a solution that combines integrated features into a single mobile mapping workflow, survey grade accuracy LiDAR systems, true indoor/outdoor versatility, seamless processing, visualization, and sharing. This allows the Property Management Department to accurately and efficiently capture and process data. NavVis mobile mapping system is a proprietary hardware of NavVis US, Inc. and has native SLAM algorithms, cloud based processing and project delivery platform. Other companies provide a similar product but do not meet the survey standards and do not provide a full data set when capturing information.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than December 31, 2025 for evaluation and consideration.
