#### BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Seepex progressive cavity pump BTVE 35-24 from RPH & GRH, Inc. without conducting a competitive solicitation process for the following reason(s):

RPH & GRH, Inc. is the exclusive representative for Seepex, Inc. in this area. The three Water Reclamation Facilities are currently using Seepex equipment in various areas of their treatment process. The Seepex pumps have proven to be cost comparable to other brands and much easier to maintain, which has decreased ongoing maintenance costs. Seepex equipment is also being specified in upcoming Capital Improvement Projects at the Facilities. The approval of this request will allow for the continued standardization of pumps and inventory.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than January 15, 2026 for evaluation and consideration.
