### BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure installation of a Garmin PA, camera and display system on passenger ferry from All Steel Fabrication, Inc. without conducting a competitive solicitation process for the following reason(s):

The new passenger ferry requires fabrication for the Garmin PA, camera, and display system. All Steel Fabrication, Inc. has a proven track record with the County's fleet division, providing high-quality, timely, and compliant installations. Using a different vendor would increase down time, costs, and risk. Continuing with All Steel Fabrication ensures efficiency, reliability, and minimal operational disruption.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than January 23, 2026 for evaluation and consideration.
