The Manatee County Procurement Division has completed a due diligence review and intends to procure Fusion Mixer from Hudson Pump and Equipment without conducting a competitive solicitation process for the following reason(s):

Hudson Pump and Equipment, a division of Tencarva Machinery Company, is the exclusive distributor of Fusion Fluid Equipment products, parts and services in the State of Florida. The Fusion Mixer will be used for repairs at the North Side Water Treatment Plant. Obtaining direct replacement parts and authorized services is critical for maintaining equipment integrity and performance.
