BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure MyAvail CAD Support from Avail Technologies, Inc. without conducting a competitive solicitation process for the following reason(s):

As the County’s Transit Agency continues to evolve, the Avail CAD/AVL system, supported by Avail Technologies, Inc., remains the most cost-effective and reliable long-term solution to meet shifting operational needs. This system serves as a critical monitoring and data analytics tool allowing the Public Works/Transit Division to measure service levels and refine transit efficiency. The Avail CAD/AVL solution is fully compatible with Manatee County Area Transit existing operating systems and is already standard across fixed-route fleet. Ongoing operational support is required to maintain consistent performance.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than April 16, 2026 for evaluation and consideration.
