BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Silikal Flooring System from Silikal America, Inc. without conducting a competitive solicitation process for the following reason(s):

The Silikal flooring system is needed to provide a seamless, durable, and chemically resistant flooring solution that can be installed within a limited timeframe while supporting long-term performance and cleanability. The system is intended to meet the operational needs of the facility and reduce ongoing maintenance requirements. Silikal America, Inc. is the exclusive source for this proprietary flooring system. No equal product was identified that provides the same combination of performance, installation timeline, and manufacturer-backed warranty required for every project.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than April 21, 2026 for evaluation and consideration.
