BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Parking Sheds with Installation from Superior Sheds of Sarasota without conducting a competitive solicitation process for the following reason(s):

Property Management is standardizing the use of tube steel buildings around the county. The buildings provided by Superior Sheds of Sarasota are wind load rated buildings that are quickly repaired in the event of damage. Superior Sheds of Sarasota includes engineering, sitework, and architecture with each building so separate professionals do not have to be hired.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than April 22, 2026 for evaluation and consideration.
