BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Seepex Progressive Cavity Pump and Installation from Hudson Pump and Equipment without conducting a competitive solicitation process for the following reason(s):

Seepex pumps are currently installed at all three Water reclamation Facilities. Hudson Pump and Equipment is the sole distributor for Seepex pumps in the state of Florida. Switching to other pump manufactures would require pipe modifications and staff time. The Seepex pumps have also proven to be less expensive than other pump brands.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than May 18, 2026 for evaluation and consideration.
