1. In reference to Item No. 4, Addendum #2 which read:
 4. Doors, Frames & Finish Hardware - Furnishing, installing and/or re-installation of doors, frames and finish hardware is not discussed or scheduled in the bid documents. Is this work to be performed by the county, or is it part of this contract?

All of the door frames are in place. The County has 29 doors which have been removed and may be re-used, and that the contractor is to install. All frames are in place with the exception of (3) three frames. The contractor will need to provide and install the additional door frames. The contractor is to provide hardware for ALL doors and coordinate the keying of all doors with the Sheriff's Office representatives for compliance with their security standards.

The following is submitted for clarification of door hardware: After reviewing the spec sheets and the plans, there is no schedule of hardware for the doors.

The doors to be installed are the existing doors on site. The hardware, in keeping continuity throughout this building, will be Schlage AL Series - Saturn in 626 Finish. Hinges shall be Cal-Royal - 4-1/2", with matching finish. There are 5 doors that will require closers, which are to be American Eagle #5101 with matching finish.
