RE: SWWRF Lake Filtration and North Pond Improvements Project  
Engineer's Opinion of Probable Construction Cost

The Engineer's estimate of probable construction costs for the Lake Filtration and North Pond Improvements Project at the Southwest Water Reclamation Facility (SWWRF) is \$16,253,000.00 (sixteen million, two hundred fifty-three thousand dollars and no cents).

This construction cost estimate was completed on February 25, 2012 and reflects the improvements presented in the Contract Documents issued in February of 2012. Modification to these Contract Documents subsequent to being issued may not be reflected in this construction cost estimate.

Sincerely,
