To: Blair C. Getz, Contracts Negotiator
Purchasing

From: Chad Butzow, Deputy Director Field Operation Services *CMB*
Public Works

Date: July 13, 2012

Subject: Professional Services for Pavement Management System/RFP#12-2318BG

This memo is to provide responses to questions presented.

Question # 1: Does the term segment refer to the sample or section the County would like analyzed?

Response: The term segment refers to the section to be analyzed.

Question # 2: Does the County currently have an inventory in PAVER or does the scope of this solicitation require the consultant to develop one?

Response: Manatee County does not have an inventory in PAVER.

Question # 3: Is the County seeking the creation of a new pavement management program or the assurance that all software used on this project will be compatible with your current software?

Response: Manatee County RFP is for the Development of a Pavement Management System.

Question # 4 For the optional task, does Manatee County intend to survey trees within the right-of-way, or just the median. If the intent is to inventory all trees within the right-of-way, will right-of-way information be supplied and in what format? What size is to be inventoried? Diameter or height? What accuracy is required for the 'size'?

Response: Manatee County intention is to have all trees within obvious right-of-way such as medians, front of sidewalks and in front of ditches collected by type, diameter and height of canopy. No additional right of way information will be supplied.

cc: Brian Martineau, Senior Engineering Specialist
