8/21/2012 Question Received

**Question # 1:** Addendum 4 indicates that the county will provide trucking from an off-site vendor for hauling the material. Will this cover the trucking for the excavation of the suitable and the unsuitable material? If so, will the contractor be responsible for any further scope once the material has reached its destination as it specifically relates to items numbers D.1.8.2 and D.1.9.1.1 of the Bid Form?

**Response #1:** The off-site vendor will be responsible for hauling the suitable material only from the Staging/Temporary Stockpile Area to the offsite destination. The successful contractor will not be responsible for further scope of the suitable material once it has reached its destination.

The successful contractor will be responsible for the trucking and proper offsite disposal of unsuitable material as described in the Disposal of Unsuitable Materials section of Item D.1.8.1.
