### BACKGROUND/DISCUSSION

- The Scope of Service is contingent upon the availability of funds from the West Central Florida Area Agency on Aging, Inc., the Manatee County Board of Commissioners, as County Lead Agency for the Community Care for the Elderly (CCE) Respite Program which calls for the provision of respite service for relief or rest for a primary caregiver from the constant/continued supervision, companionship, therapeutic and/or respite care of a functionally impaired older person for a specified period of time. The objectives of the resulting Agreement are to:
  - Relieve the primary care giver (relative or non-relative) of the stress and demands associated with the daily care of the functionally impaired person.
  - Prevent or reduce inappropriate institutionalization of an impaired person when the caregiver is away and other support is not readily available.
  - Provide temporary relief and help improve or maintain the physical and mental health of the caregiver, thereby fostering a healthful living environment for both the client and caregiver.
  - Provide care and maintenance with minimal disruption in the client's life style when the regular caregiver is out of the home.
