TO: All Interested Quoters

SUBJECT: **ADDENDUM #1- RFQ #13-2027GE – Oil and Lubricants**

This information is issued to modify, and/or clarify the request for quotation document.

Q.1. On page 9, Group II-Motor Oil, your specification for the 15w40 is CJ-4/SM. On your bid sheet, page 13, this is listed as a semi-synthetic. There are many oils that meet the CJ-4/SM that are not semi-synthetic. Need to clarify which one you want to bid on.

A.1. CJ-4/SM. This shall be semi synthetic across the board.

Q.2. On page 10, the oil you want, 0w20, is listed as a GF-4. The current specifications are GF-5.

A.2. 0W-20-API SL,SJ,EC,CF Oils. The GF-5 specification oil will meet our requirements as presented within the bid package.

Q.3. Group IV, ISO 460 does not come in gallon jugs unless we put into ourselves. Smallest unit is usually a 5 gal. pail.

A.3. Group IV, ISO 460. We will not purchase this in sizes less than 5 gallon pails. Quoters shall note on the Quote Price Form if they are offering a 5 gallon pail.

The RFQ submittal deadline date and time remains unchanged.
