

July 23, 2014

TO: All Interested Quoters

SUBJECT: **ADDENDUM #2- RFQ #14-2309GE – Potable Backflow Testing Services**

This information is issued to modify, and/or clarify the request for quotation document.

Questions and Answers:

Q.1. Does the pricing for Replacements need to include labor costs or just the assembly itself.

A.1. The price listed for Replacements on the Revised Quote Response Form must only include the cost for the assembly. All labor and any miscellaneous parts or equipment needed for the replacement shall be charged at the rates quoted in items 53 through 56.

A Revised Quote Response Form is attached. This revised form shall replace the original form and must be included with the RFQ submittal. Do not submit the original Quote Response Form or the form included with Addendum #1.

For the sizes on the Quote Response Form that are “quoted at time of order only”, do not list a price. These are left on the Quote Response Form only to inform the bidders that these sizes may be needed at some point during the life of the contract.

The RFQ submittal deadline date and time remains unchanged.

A handwritten signature in black ink, appearing to read "George Earnest", is written over a horizontal line.
