IFB 09-2248 Questions:

1. In the area from 18+50 to 23+00 where it has been identified that the contractor will be dealing with petroleum impacted soils and having to implement the requirements of the Health and Safety Plan, will Manatee County's "risk management" be requiring any type of special insurance involving the activities associated in the designated impacted areas? Section 00030; General Terms and Conditions of the Contract; Sub-section C.14 Insurance, makes no mention of any insurance requirements needed for this. Please clarify.
 - a. Reply: Manatee County's "risk management" will NOT be requiring any type of special insurance

2. In the Site Specific Health and Safety Plan; Section 2.9 Personal Protective Equipment mentions levels D thru A which describes the appropriate PPE equipment that is needed associated with each level. Is there an assessment for which level that would be anticipated in order to obtain the cost for training of personal along with purchasing the PPE needed so this can be incorporated into the bid?
 - a. Reply: 1. For the construction along N. Dock St along the 500-600' near Transmontaign Level D needs to be met
 - b. Reply: 2. For the construction at the jack & bore at Eastern and N.Dock St Level C needs to be met

3. In the Environmental Site Assessment section 4.0 Conclusions; page 15, states to refer to Appendix "D" for the tentative cost estimates obtained from MTS and Clark Environmental. Appendix "D" is not included in the contract documents. Please clarify.
 - a. Reply: the contractor will be responsible for providing the dewatering equipment in the Transmontaign area and any water used in the process of installing the equipment can be discharged to the surface area. GLE (environmental consultant under contract with MC) will handling any water that has free product and managing the discharge.

4. In the areas where the impacted soil needs to be replaced, will KleenSoils treated fill be acceptable for the replacement of the 673 CY of impacted soil?
 - a. Reply: NO, new soil from outside the Port will be required.

5. A question was raised regarding the Unit of measure for the 673 CY of new soil required.
 - a. Reply: unit of measure is CY (cubic yards) , Not SY
