**RFQ 15-1555GE: RE-QUOTE FOR CHILLER, HVAC AND  
REFRIGERATION PREVENTATIVE MAINTENANCE  
ADDENDUM 1**

The following addendum is issued to add to, modify, and/or clarify the above named solicitation documents. The items contained within this Addendum shall have the same force and effect as if contained within the first issued solicitation document and any cost involved shall be factored into the response. Quoters shall acknowledge receipt of this and any other addenda issued pursuant to this Request for Quotes (RFQ) in their quote submittal.

Question 1: Will Manatee County require each vendor to send over the factory certifications on all the chillers and Leibert units that are in the bid?

Response 1: As to the Computer Room AC (CRAC) units, factory certification is preferred, however it is not mandatory for Leibert or Data Aire. Contractors must note that poor performance in maintaining these units to the County's satisfaction will not be tolerated and may be cause for immediate termination of the Contractor.

As to the Chiller Units we require with this addendum a list of your staff that have factory certifications for Trane, McQuay or York. These certifications and the references submitted on the Contractor's Reference Form will be included in the consideration for the contract award.

Please list here your staff and their factory certifications:
