BACKGROUND/DISCUSSION

Manatee County has been using Selectron Technologies for our integrated voice response (IVR) voice permitting system. This vendor has written a work flow specific to our needs and has maintained this program since 2006 with excellent results. No additional training is required. This vendor has recommended we switch our interface with Bank of America to Forte, saving the County \$12,500 by not having to adapt to the outdated VLINK interface to Bank of America.

If a vendor believes this item is not a sole source procurement, Manatee County Purchasing Division requires prospective vendors provide information regarding their ability to supply the commodity or contractual services described prior to the date indicated for "date contract shall be awarded".
