NOTICE OF INTENT TO AWARD

Notice of Intent to Award, Invitation for Bid # 16-0772CD, Collection/Removal of used Oil and Other waste Products, to the responsive and responsible bidder meeting requirements with the best offer to the County, Howco Environmental Services of St. Petersburg, FL, for an estimated one year contract amount of \$11,860.00.

ENABLING/REGULATING AUTHORITY

Federal/State law(s), administrative ruling(s), Manatee County Comp Plan/Land Development Code, ordinances, resolutions, policy.

Manatee County Code of Laws

BACKGROUND/DISCUSSION

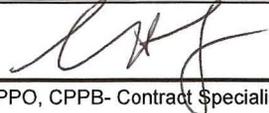

- The annual agreement is for use by the Manatee County Public Works and Utilities Departments for the collection and removal of used oil and other non DOT regulated waste products on an "as required basis" from various County fleet and utility locations. The collection includes the proper handling, consolidation, storage, transportation and disposal activities involved with the removal of used oil and other non DOT regulated waste products.
- Provided that there are no changes in price, terms or conditions, this contract may be renewed for (4) additional (12) month periods not to exceed a total contract duration of (60) months.
- 12/29/2015 to 1/26/2016, appropriate bid procedures were followed. The Invitation for Bids (IFB) was broadcast on the Manatee County and DemandStar websites, and eight (8) local firms were notified of the bid opportunity via email. Three (3) bids were received.
- This annual agreement has historically provided for revenues to be paid to the County for used oil and diesel fuel as well as payments from the County for the non DOT regulated waste products. However, due to economic conditions that have resulted in an abundance of oil in the marketplace, no bidder has offered to pay the County for the collection and removal of its used oil and diesel fuel.
- Howco Environmental Services made the best offer to be paid by the County.
- The procurement of these services is funded by the General Fund in various operating account of the Public Works and Utilities Departments.
