TO: All Interested Bidders

SUBJECT: Invitation for Bid #16-0999DC
Colony Cove Gravity Sewer Replacement

ADDENDUM #2

Bidders are hereby notified that this Addendum shall be acknowledged on the Bid Form and made a part of the above named bidding and contract documents.

1. Engineer's construction cost estimate is \$1,379,527.
2. Sign in sheet for Information Conference is attached.
3. Addendum 1: Inspection of the project site is a prerequisite for award (reference Bid Article C.02 Basis of Award). Schedule visit by 5:00 P.M., March 7, 2016 to ensure site access. Contacts: **Bill Elmore at 941.792.8811 extension 5010 or Christen Trine at 941.722-6683.**
4. **Question:** Can DR-17 be used instead of DR-11?
Response: Yes, DR-17 may be used for the main pipe. The contractor shall ensure the Inserta-tee product is compatible.
5. **Question:** Can the existing utilities be added to the plans.
Response: Where possible, the existing utilities have been visually shown on the plans. However, as stated in the notes on Sheets 3 thru 7, all existing utilities generally run in the "right-of-way" at the back sides of all the mobile homes. The Contractor shall assume all existing utilities are in the vicinity of the sewer gravity mains and must be located before excavating.
6. **Question:** Will there be structural repairs on the manholes.
Response: No stand-alone structural repairs to the manholes walls are proposed. Per the contract documents, there are structural repairs associated to the primary scope of work:
 - Structural repairs related to the pipe bursting process/installation are considered part of the scope of work and shall be included in the pipe bursting Bid Item 3.

March 3, 2016

6. (CONTINUED)

- Structural preparation for the rehabilitation/lining of the brick manholes per Section 02627 or required by the manufacturer's recommendation shall be included in the rehabilitation Bid Item 2.
 - Structural repairs for reinstated and realigned sewer services shall be included in the sanitary sewer service Bid Item 4.
 - The bench of the manhole(s) shall be repaired as required to provide the typical "U-channel".
7. Reinstated sewer service connection locations shall be placed per the general notes of Sheet 9 and located in accordance with the direction of Colony Cove maintenance personal, George, 941-705-6683. Colony Cove personal are very familiar with the current and future "parcel" needs of the mobile homes.
8. Sanitary sewer services direct to and terminating in a manhole shall be reinstated and redirected to the new HDPE main. The remaining service hole(s) in the manhole then shall be mudded up and lined over.
9. Record Drawings: The area marked "This Portion Excluded from Project – Future Phase" may also be excluded from the record drawing requirement.
10. Plans: Sheets 3 thru 7 attached: Revised Notes. Added available existing utilities.

If you have submitted a bid prior to receiving this addendum you may request in writing that your original, sealed bid be returned to your firm. All sealed bids received will be opened on the date stated.

Bids will be received at Manatee County Purchasing, 1112 Manatee Avenue West, Suite 803, Bradenton, Florida 34205 until **March 16, 2016 at 3:00 P.M.**

Sincerely,

Melissa M. Wendel, CPPO
Purchasing Official
