Solicitation Addendum

Addendum No.: 1
Solicitation No.: 18-TA002693AJ
Project No.:
Solicitation Title: Corrosion & Oder Control
Addendum Date: March 20, 2018
Procurement Contact: Abigail.jenkins@mymanatee.org

RFP N. 18-TA2693AJ IS AMENDED AS SET FORTH HEREIN. RESPONSES TO QUESTIONS POSED BY PROSPECTIVE PRPOSERS ARE PROVIDED BELOW. THIS ADDENDUM IS HEREBY INCORPORATED IN AND MADE A PART OF RFP 18-TA002693AJ CORRISON & ODER CONTROL.

QUESTIONS AND RESPONSES:

Q1. Page 40 Attachment D7 Insurance Requirements; requirement for Pollution Liability Insurance. Magnesium hydroxide is a non-toxic, non-hazardous, and non-listed material that is safe for use in neighborhoods for corrosion and odor control. Due to the non-hazardous nature of Magnesium Hydroxide, Premier Magnesia, LLC has not been required to provide pollution liability insurance in any of our accounts nationwide. We request that this requirement be removed from the RFP as a requirement for Magnesium Hydroxide.

R1. The insurance requirements will remain as stated in the RFP. However, there will be a review of the insurance requirements prior to contract award and requirements may be updated based upon the chemical components and processes of the successful Proposer's proposal. The insurance documents provided in the RFP are a guideline for the minimum requirements of the contract. If your organization currently has proof of insurance documents, those may be included with your proposal.

Q2. There is a requirement for Professional Liability and/or Errors and Omissions (E&O) Liability Insurance - Since there is no requirement for Professional Services, Engineering Services or construction services related to this RFP, it appears that this insurance policy should not be required. We respectfully request that this requirement be deleted.

R2. See response to question 1

NOTE: Items that are ~~struck through~~ are deleted. Items that are underlined have been added or changed. All other terms and conditions remain as stated in the <solicitation type>.

End of Addendum

INSTRUCTIONS:

Receipt of this addendum must be acknowledged as instructed in the solicitation document. Failure to acknowledge receipt of this Addendum may result in the response being deemed non-responsive.
