**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure a three-year Automated Traffic Signal Performance Measure (ATSPM) software license from Traffop Corp without conducting a competitive solicitation process for the following reason(s):

The County purchased Traffop's ATSPM software in May 2019. It was chosen over other ATSPM software products due to its highly interactive visualization charts, unique algorithms to predict queue lengths at intersections, and data fusion capability integrating multiple data sources. The license provides software enhancements, training, and support.

Traffop's ATSPM software is proprietary. All copyrighted training materials and certified trainers are provided exclusively by Traffop Corp.

Based upon these and other factors, the County standardized on Traffop's ATSPM software product.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than February 16, 2021 for evaluation and consideration.
