BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Tarpomatic landfill daily cover tarping system from Tarpomatic, Inc. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has need of specifically designed tarping systems to provide the daily cover for the landfill. This tarping system eliminates the need for daily cover dirt. The County has established a standard of use to the Tarpomatic, Inc. OEM line of tarping equipment. Tarpomatic, Inc. is the manufacturer for these proprietary systems. The Utilities Department and Procurement have determined that this equipment, sourced from Tarpomatic, Inc., is in the County's best interest.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 4, 2021 for evaluation and consideration.
