BACKGROUND/DISCUSSION

The Manatee County Procurement Division has completed a due diligence review and intends to procure Hydromatic pumps services, parts and equipment from Barney's Pumps, Inc. without conducting a competitive solicitation process for the following reasons:

The Utilities Department has need of pumps for water treatment processes. The County has established a standard of use to the Hydromatic OEM line of pumps. Barney's Pump, Inc. is the Hydromatic authorized dealer for these proprietary systems. The Utilities Department and Procurement have determined that the equipment, services and parts sourced from Barney's Pumps, Inc. is in the County's best interest.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 8, 2021 for evaluation and consideration.
