Manatee County Code of Laws

**BACKGROUND/DISCUSSION**

Manatee County Procurement Division has completed a due diligence review and intends to procure FlexAir aeration systems services, parts and equipment from Environmental Dynamics International, Inc. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has need of repairs to the North Water Reclamation Facility aeration system. The County has established a standard of use to the FlexAir OEM line of aeration systems. Environmental Dynamics International, Inc. is the OEM for this proprietary system. Environmental Dynamics International, Inc. does not use a dealer network but only sells directly to water utility entities. The Utilities Department and Procurement have determined that this equipment, service and parts sourced from Environmental Dynamics International, Inc. is in the County's best interest.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at [purchasing@mymanatee.org](mailto:purchasing@mymanatee.org) no later than July 14, 2022 for evaluation and consideration.
