BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Wavetronix vehicle detection system replacement parts and equipment from Wavetronix, LLC without conducting a competitive solicitation process for the following reason(s).

- Wavetronix LLC is the sole manufacturer and sole authorized distributor of Wavetronix products.
- The County's existing Vehicle Detection System was procured from Wavetronix LLC and it is in need of replacement parts to maintain its functionality. The replacement parts must be manufactured by Wavetronix LLC in order to be compatible with the existing System.
- Procuring Wavetronix vehicle detection system replacement parts from Wavetronix LLC will ensure compatibility with the County's existing Vehicle Detection System and will ensure that the requirements of the County are met.
- The only alternative to buying the vehicle detection system replacement parts from Wavetronix LLC would be to buy the replacement parts from a different manufacturer, which would require the replacement of the County's entire existing Vehicle Detection System, resulting in significantly higher costs with an unknown outcome.

Any company that believes they can provide this good or service must provide, in writing, convincing technical data sufficient to support their position to the Manatee County Procurement Division at purchasing@mymanatee.org no later than August 4, 2022.
