BACKGROUND/DISCUSSION

Manatee County Procurement Division has completed a due diligence review and intends to procure Channel Monster sewage macerating systems from JWC Environmental, Inc. without conducting a competitive solicitation process for the following reason(s):

The Utilities Department has need of sewage macerating systems for the lift station system. The County has established a standard of use to the Channel Monster OEM line of sewage macerating systems. JWC Environmental, Inc. is the only OEM authorized supplier for these proprietary systems. The Utilities Department and Procurement have determined that this equipment, service and parts sourced from JWC Environmental, Inc. is in the County's best interest.

Based upon these and other factors, the County plans to standardize the above referenced product.

Any company that believes it can provide this good/service, must submit detailed information about its good/service to the Manatee County Procurement Division at purchasing@mymanatee.org no later than November 2, 2022 for evaluation and consideration.
